

# Zainab AbdulZahra Abbas Al-haddad

Lecturer. Doctor in Veterinary Medicine College/ Baghdad University

## PROFILE

**Data Birth** 8/ 10/ 1969

**Social State:** married

**Sex:** female

**Nationality:** Iraq

---

## EDUCATION

Bachelor of Vet. Med.& Surg. 1993

Master in Microbiology Science 2001

Ph. D. degree in Microbiology Science 2010

---

---

## Administrative Tasks

**Coordinator in Zoonoses diseases researches unit 2017-2021**

## Teaching Tasks in College of Veterinary Medicine / Baghdad University

1-under graduate students 2001- 2003 poultry diseases science

2- post graduates students 2003- 2005 microbiology science in zoonoses diseases unit

3-post graduates students 2010 – and still mycology and immunology science in zoonoses diseases researches unit

4- under graduates student (4<sup>th</sup> class) in 2016- 2017 , 2020- 2021 zoonoses diseases course

---

## The scientific Title

1-Isolation and molecular identification of Histoplasma Capsulatum from respiratory samples of horses in Iraq

2\_Study Some Immunological parameters in Rabbits Immunized with Cryptococcus neoformans

3\_Study the effectiveness of Artemisia herba\_alba leaves extract on the experimental infection with Candida albicans isolated from urogenital tract in cows

4\_Study the effectiveness of chitosan on the experimental infection with Clostridium perfringens isolated from necrotic enteritis in chickens

5\_Study the Effectiveness of Chitosan on Experimental Infection of Chicks with Salmonellosis

6\_Detection of aflatoxin B1 from fodder crops in ruler area around Baghdad city in Iraq and studied the toxicity effect of A.flavus in mice

7\_Isolation of Aspergillus flavus from maize and sesame with detection of aflatoxin B1 in rural area around Baghdad

8-Bacterial isolation from internal organs of rats (Rattus rattus) captured in Baghdad city of Iraq

9- Isolation of yeasts from Otomycosis cases in children and dogs

10-Isolation and Identification of Aspergillus spp. From human and sheep respiratory infection in Al-Qadisiyah province

11- Effect of pyocyanin from *Pseudomonas aeruginosa* on *Aspergillus fumigatus* from patients and sheep with chronic respiratory infection

## Supervision of Post-graduate students

**MSc Students** 4 + 9 high diploma students

**PhD Students** \_

## The Discussions

**Diploma** 13

**MSc** 12

**PhD** \_

**Comprehensive examination** \_

## Thanks and Appreciations

From the dean 9

From the university's president 18 + 10 from university's president assistant

From the minister 8

## Other Scientific Tasks

- 1- Examination committee for postgraduate studies 2010- 2012.
  - 2- Scientific committees 2014 -2018 .
  - 3- Guidance committee for first- year students 2019- 2020
-
